

**Eucalyptus Landscape Steps & Timbers
Price List, January 2018**

No poisons used, no forests harmed! Custom-milled from local salvaged trees, our timbers are an eco-safe alternative to toxic railroad ties and PT wood, great for step blocks or rustic retaining walls. Exceptionally hard and dense, these timbers should last for years.

SIZE	\$/LF	3 FT (ea)	6 FT (ea)	8 FT (ea)
